

Are you looking for a new challenge? Are you passionate about efficiency and food production?

If so we are seeking a **Project Engineer** to join our team in Brisbane. As a process engineer at Wiley you will have the opportunity to work on a wide variety of production processes across Australasia's diverse food manufacturing industry. Those with 5-10years experience in food processing facilities are encouraged to apply.

THE PERSON

- Minimum 5 years engineering experience within the food processing industry with mechanical, electrical and refrigeration knowledge highly valued
- A Bachelor of Engineering is considered highly for this role, we are open to a range of specialisations
- The ability to interface and build a rapport with a variety of people
- Familiar with automation systems
- CAD or BIM skills would be advantageous
- Actively seeks challenges and opportunities, working in both team environments and independently
- Successful applicants will have enthusiasm to learn and contribute to the innovation across all aspects of what we do
- Those who join Wiley have a passion for quality, integrity, future focus, a sense of community and exhibit behaviour that empowers those they work with

THE POSITION

- Assist and lead design and engineering of production processes
- Opportunity to manage and be involved directly in the design, construction and commissioning of production lines and facilities
- Complete Engineering activities throughout a project's lifecycle
- Opportunity to build and maintain relationships across Wiley and the food industry
- Exposure to design, project management, estimating and contract administration
- Our engineers are office-based with regular short-term travel required
- You will be joining a team with experience across all areas of food production

THE DIFFERENCE

A fourth generation family company, Wiley lives by the mantra "Create a Better Future". Wiley is an integrated facility solutions business focused on delivering world class food processing facilities. As a multidisciplinary company in a specialist field, there are opportunities to learn a wide variety of skills. To learn more, please visit our website at www.wiley.com.au
