

JBS AUSTRALIA

About the client

JBS Australia is a division of JBS, Brazil's largest multinational in the food sector, and the world's largest meat company.

JBS is Australia's largest beef processor and one of the country's largest lamb processors.

Products include a variety of beef, lamb and mutton and the company also produces a wide range of meat by-products such as hides, fat and bone meal.

Celebrating key collaborators

Facility:

Northern Division Operations new administration facility

Location:

Dinmore, Queensland, Australia

Scope overview:

Design and construction

Business value created for the client

The new head office administration facility now provides JBS team members an open plan office space and larger, more flexible meeting rooms.

The new office design supports the company's collaborative culture for 200 workers. The facility solution provides JBS with the capacity to cater for up to 200 staff or visitors, in their internal and external dining spaces.

Compelling need for the project

JBS had outgrown their existing office space and saw the new facility as an opportunity to consolidate teams from multiple sites and locations.

The challenging scope Wiley delivered

The new administration facility is designed to assimilate with the other buildings on site, with the JBS signature 'curved roofing' frontage.

The facility features:

- The acoustically engineered open plan work space delivers a quiet working environment
- Meeting rooms are soundproofed to provide confidentiality and privacy
- Meeting rooms
- Break-out spaces for informal meetings which foster teamwork
- A food licenced commercial kitchen with internal and external dining capacity for 200 people offering breakfast and lunch service plus ability for cocktail functions
- External BBQ/cooking area to showcase JBS product
- Amenities and end of trip facilities
- Furniture, fittings and equipment
- Staff and visitor carparking
